

# JAIMIE BOWEN

Lakewood, Ohio — [hello@jaimiebowen.dev](mailto:hello@jaimiebowen.dev) — (440) 623-7124 — [jaimiebowen.dev](http://jaimiebowen.dev)

Front-end developer with a focus on usability and accessibility.

---

## EXPERIENCE

### *FRONT-END DEVELOPER*

BAM Technologies (Nov 2021 – Present)

Promoted to architect a design system and standardize the Airforce MyVector platform's UI.

- Develop accessible UI components used by 30+ developers and act as the primary contact between developers and designers on front-end related issues.
- Update platform dashboard UI to improve site navigation and cohesion.
- Work with UI/UX designers to create UX standards for tooltips, modals, and more.
- Refactored platform layout used by 50+ applications to provide better UX and accessibility.
- Pushed for stricter accessibility testing to ensure Section 508 compliance.

### *FULL-STACK DEVELOPER*

BAM Technologies (May 2021 – Nov 2021)

Performed full-stack development for the MyVector platform.

- Successfully planned, developed, and released Relocations application from Sprint 0.
- Modified application features to improve usability according to client feedback.

### *JUNIOR DEVELOPER*

Kent State University (June 2020 – May 2021)

Built web applications for multiple KSU departments using .NET, Angular, and MSSQL.

- Developed call center application to improve productivity of the Financial Aid department.
- Optimized processes for the university's housing application used by over 6000 students.

## SKILLS

JavaScript, Semantic HTML, CSS/Sass, Vue.js, Git, NPM, Web accessibility, WCAG, WAI-ARIA

## PROJECTS

### *KSU COURSE PLANNER*

A more user friendly course catalog for Kent State University students built with Vue.js & Flask. Worked on front-end state management, authentication REST API, and UX design.

## EDUCATION

Bachelors of Science in Computer Science from Kent State University (3.9 GPA)
